GENERAL CONSENT AND DISCLOSURE

The information in this consent form is given so that you will be better informed about the health care services you will receive. After you are sure you understand the information which will be given about the services and, if you agree to receive the services, you must sign this form to indicate that you understand and consent to the services.

NOTIFICATION: Denton County Public Health
(Name of Health Department)

(Hereafter called the Department) encourages individuals to seek a personal physician for periodic health examinations and for treatment of health problems. The Department clinic services are targeted primarily toward prevention of health problems among those who cannot access a physician. The Department cannot assume the responsibility for payment of medical care received outside this clinic, including the delivery of babies, unless previous written authorization has been given.

DISCLAIMER ON SCREENING: The Department uses screening tests, which are a way to find people who may develop certain common medical problems. Screening tests are valuable because they can find disease early-before it becomes a big health problem. Screening tests do not cover all diseases and may miss some diseases they are supposed to find, so the test results are not final, just one part of a complete exam. Screening tests can alert you to promptly get a medical check-up and treatment from a doctor or health clinic of your choice.

GENERAL CONSENT: I give permission to the Department, its designated staff and other medical personnel providing services under its sponsorship to perform physical assessments or examinations, conduct laboratory or other tests (which may include HIV testing), give injections, medications, and other treatments, and render other health services to the patient identified on this form.

ADDITIONAL CONSENT: In addition to the above general consent, I understand that special consent forms must be read and signed for the following procedures: medications for tuberculosis and Hansen's disease, immunizations and family planning methods.

PRIVACY NOTICE: I acknowledge that I have received a copy of the Department's HIPAA Privacy Notice.

QUESTIONS: I certify that this form has been fully explained to me, that any blank lines have been filled in and that any questions I have had about the services have been answered to my satisfaction.

SIGNATURES: Fill blank lines with NA if not applicable.
