Tax Office Revised Hours Effective February 8, 2023

The Denton County Tax Assessor Collector office is revising office hours effective February 8, 2023.

All Tax Office locations will open Monday, Tuesday, Thursday and Friday from 8 a.m. to 4:30 p.m. Each Wednesday, the office hours will be 10 a.m. to 4 p.m.

All tax office locations will continue to accept title transactions until 4 p.m. daily.

The new hours will enable all staff to continue to serve customers by keeping more up to date with work resulting from motor vehicle dealer sales and mail-in transactions as well as facilitate continued training.

“The new hours will enable all of our staff to dedicate this time each Wednesday to performing work that is required to be conducted. This work is in addition to our customer service at our front counters. We will also use this time to provide training so that we can better serve our taxpayers. We anticipate this will alleviate the need to close one or more offices to the public periodically, as has been done over the course of the last two years”, stated Michelle French, Denton County Tax Assessor Collector.

Please refer to the tax office website at <https://tax.dentoncounty.gov> for information on locations and how to renew motor vehicle registration or pay property taxes online.
